

Adobe Creative Cloud Student License Pack

Adobe introduces a new way to foster digital literacy and teach your students the essential skills they need to succeed in the modern economy at home, at school, or on the go. Student License Pack gives students access to the full power of Adobe Creative Cloud wherever they are, on any device, and at a significant discount. Individual departments or entire institutions can purchase the packs on behalf of 250 or more students via the Adobe Value Incentive Plan (VIP).

Key benefits

Exceptional pricing

Get the best VIP student pricing Adobe has to offer. Student License Pack is just US\$189 per student per year with a minimum order of 250 licenses. All Apps plans only. That's a significant savings of nearly 50%* off individual student purchase plans.

On-the-go access to creative tools

With Student License Pack, students aren't restricted to working on lab or classroom computers. They can use their Creative Cloud apps and services on their personal computers, smartphones, and tablets—and they can easily access and work on files across devices.

Unlimited access to Creative Cloud apps and services

With all of Adobe's creative desktop and mobile apps at their fingertips, students can create amazing work for any medium and develop essential digital skills. They can also use Creative Cloud services such as Adobe Portfolio and Behance to showcase their work to potential employers.

Easy license management

Your school's IT admins can quickly assign licenses to individual students, add or delete users, assign products, and add administrators in the Admin Console: <https://helpx.adobe.com/enterprise/using/admin-console.html>. And they can easily reassign the same license as students and courses come and go, as many times as needed.

Student License Pack is only available in North America. To learn more, contact your Adobe Channel Account Manager or Adobe Authorized Reseller.

Compare license types

	Named-user License	Student License Pack	Shared Device License
Desktop apps	•	•	•
Mobile apps	•	•
