

Tech with confidence

Teach with confidence

GoGuardian helps you create smart and effective digital learning environments that work any way you want it to, without surprises. We're as passionate about keeping kids safe, on task, and engaged as you are.

With GoGuardian Teacher providing a view into your students' online activity and providing you control over their devices, you can feel comfortable embracing technology in the classroom. Teach confidently knowing that your students are staying focused and on task.

Classroom device management made easy:

View Student Screens

See what students are working on and easily identify students that are struggling or may need more guidance.

Direct Chat & Announcements

Chat directly with individual students without disturbing the rest of the class, increasing participation and engagement, especially among shy students.

Easily Create Scenes

Easily define the sites you want accessible to students for a test or class period, everything else is blocked.

Student & Class Reporting

Access class session summaries and historical records of each student's classroom browsing activity, a helpful tool for parent-teacher conferences.

Control Student Screens

Close irrelevant tabs, open tabs to helpful resources, lock screens, and screenshot student screens.

Works Anywhere

Stay connected to students wherever they learn and wherever you go, even if you have a substitute that day.

Free Online Training

Online teacher training and immediate chat support when you need it.
