

# At Google, our goal is to help educators and students everywhere

By evolving our products, programs, and training to meet the changing needs of educators and students.

### Enhancing Google Meet

Extending access to advanced Google Meet features at no cost until September 2020, including number of participants, recording capabilities, and live-streaming

### Consolidating tools to better facilitate remote classes

Integrating Classroom and Meet, putting both tools in one place and making it easier to have remote classes

### Ensuring teacher control

Improving meeting control features so only teachers can mute or remove participants, approve requests to join and prevent meeting re-use

### Teach from Anywhere to help teachers get started with Google for Education

[g.co/teachfromanywhere](https://g.co/teachfromanywhere)

### Education partnerships to amplify our support

[wideopenschool.org](https://wideopenschool.org)

### Country specific programs to support virtual learning

[g.co/chromebookapppub](https://g.co/chromebookapppub)

### How-to blog articles featuring tips, tricks, and best practices

[g.co/edu/covid19](https://g.co/edu/covid19)

### New distance learning trainings and resources in the Teacher Center

[g.co/TeacherCenter](https://g.co/TeacherCenter)

### Webinar program to enable educators & education leaders
