

Lenovo Announces Battery Recall

RESEARCH TRIANGLE PARK, N.C., April 21, 2015 -- In cooperation with the Consumer Product Safety Commission (CPSC), Lenovo is expanding the recall announced March 27, 2014. Lenovo is voluntarily recalling approximately 200,000 lithium-ion batteries in the US and Canada. These batteries were manufactured for use with ThinkPad notebook computers that shipped between February, 2010 and June, 2012. In the interest of public safety, Lenovo will offer customers free-of-charge replacement batteries for all recalled batteries.

Lenovo sold the batteries with new notebook computers in the models listed below or as optional stand-alone or replacement batteries:

- Edge 11, Edge 13, Edge 14, Edge 15, Edge 120, Edge 125, Edge 320, Edge 325, Edge 420, Edge 425, Edge 430, Edge 520, Edge 525, Edge 530
- X200, X201, X200S, X201S, X220, X220T, X100E, X120E, X121E, X130E
- T410, T420, T510, T520
- W510, W520
- L412, L420/421, L512, L520

These models may have shipped with one of the following part numbers affected by this recall:

42T4695	42T4711	42T4740	42T4798	42T4804
42T4812	42T4816	42T4822	42T4826	42T4828
42T4834	42T4840	42T4862	42T4868	42T4874
42T4880	42T4890	42T4944	42T4948	42T4954
42T4958	45N1022	45N1050	45N1012	

Only part numbers manufactured within specific date ranges are affected by this recall. Lenovo advises customers to determine if they are using one of the recalled batteries by visiting www.lenovo.com/batteryprogram2014 . A list of FAQs about the recall can be found there as well.
