

# 10 REASONS YOU CAN ACHIEVE MORE

COMPLETE YOUR WINDOWS 10 UPGRADE WITH LOGITECH

Moving to Windows 10? Here are 10 great reasons why it's the perfect time for a complete desktop upgrade with Logitech.

## Don't leave the upgrade incomplete

You're probably planning your Windows 10 upgrade already – why leave it incomplete?

A desktop upgrade from Logitech will complete the package and get users on board for the ride.

1

## We're ready to go

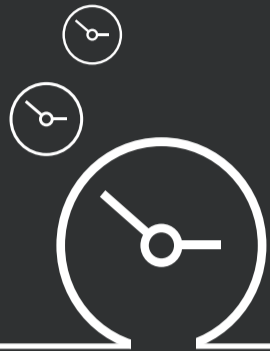

Logitech's mice, keyboards, webcams, headsets, presenters and speakers are fully Windows 10 certified\*.

And your users already know and love Logitech, which means less support calls to your support desk.

2

## The time is now

## Free the desktop

Logitech's unique single unifying USB receiver allows your users to **connect up to 6 compatible keyboards and mice** to one computer - no more plugging and unplugging dongles.

3

## Simplify adoption challenges

With easy to use 'plug & play' products – and **25 design awards this year alone** – your employees will always get to work quickly with Logitech.

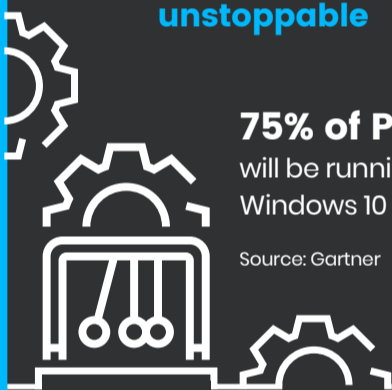

4

## Momentum is unstoppable

**75% of PCs** will be running Windows 10 by 2021

Source: Gartner

## Make security simple

**No need to type a password for Windows 10.**

With Windows Hello, your users can just look into their Logitech BRIO webcam lens to log in and get working immediately.

5

## Complete your productivity story

With Logitech options, users can **customize gestures, keystrokes and commands** within Microsoft applications creating the best personalized user experience possible, increasing user productivity.

6

## All systems flow

**Logitech Flow makes transferring text, images, and files between your computers effortless** – just copy from one and paste to the other. It's the simplest way to transfer information with flow enabled mice and keyboards

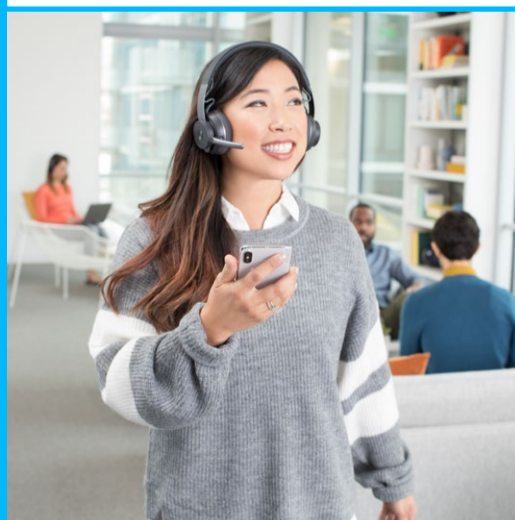

7

## The experience is brilliant

Customizing mouse buttons and tracking speeds is a synch with Logitech Options – and it all happens right within Windows 10.

8

## Mastering the Modern Workplace

Logitech is perfect for the Modern Workplace vision – **with headsets that are fully certified and integrated with Windows 10**, they are the ideal solution to keep everyone focused in the open office and when working remote.

9

## Do more with Windows 10!

Windows 10 is by far the most powerful version of Windows yet.

So just ask yourself – “do I really want to run this high-performance car with old worn out tires?”

10

With millions of customers worldwide, Logitech is the Windows 10 choice you can trust. Why wait, when 10 out of 10 is within easy reach?
