The MSI Modern 15 is the laptop of choice for entrepreneurs and business travelers that demands unwavering performance and a generous screen real estate to view all of your workflow applications; in an ultraportable form factor.

**Light Done Right**
With the Modern’s innovative design and stunning 15.6-inch display, it’s only 3.53 pounds light and 0.63 inch thin so you can easily take it with you.

**HD Webcam**
Be presentable on video calls with the 720p HD Webcam atop the thin bezel display, no unflattering nostril shot here.

**Long-Lasting Battery**
The 52Whr battery provides up to 9 hours on-the-go usage time. Work and create freely completely untethered.

**Connect to Every Possibility**
Equipped with three USB-A and one USB-C ports, makes connecting devices easier.
