

# UPTIME

## DELIVERS ANYWHERE. ANYTIME.

Since 1991, Park Place Technologies has simplified the management of complex hybrid environments to maximize Uptime, improve operational speed and accelerate business transformation. Your single source for award-winning data center hardware maintenance, storage, server and network hardware monitoring (ParkView™); network performance monitoring (Entuity Network Analytics); and Enterprise Operations Centers, Park Place Technologies is the preferred partner for third party IT infrastructure management.
