# 6 Ways the Galaxy Note8 Enterprise Edition Makes Mobile Management Easier

# Does a more mobile workforce mean more mobile management headaches?

# We feel your pain!

Ease of management, flexibility, extended availability and hardware-level security are essential for smartphones deployed in the enterprise.

But is there  
a phone that  
delivers?

## Built for business

With the Galaxy Note8 Enterprise Edition, you get a phone that delivers productivity and security, plus tools to make deployment easy.

# Drive your business with the Galaxy Note8 Enterprise Edition

Read on for 6 ways the Galaxy Note8 Enterprise Edition makes mobile management easier.

1

# Defense-grade security

Built-in Samsung Knox, with monthly security releases, protects the Galaxy Note8 Enterprise Edition from the chip up.

2

## Purpose-driven customization

Knox Configure makes it easy to remotely provision and customize phones with the right apps, settings and branding.

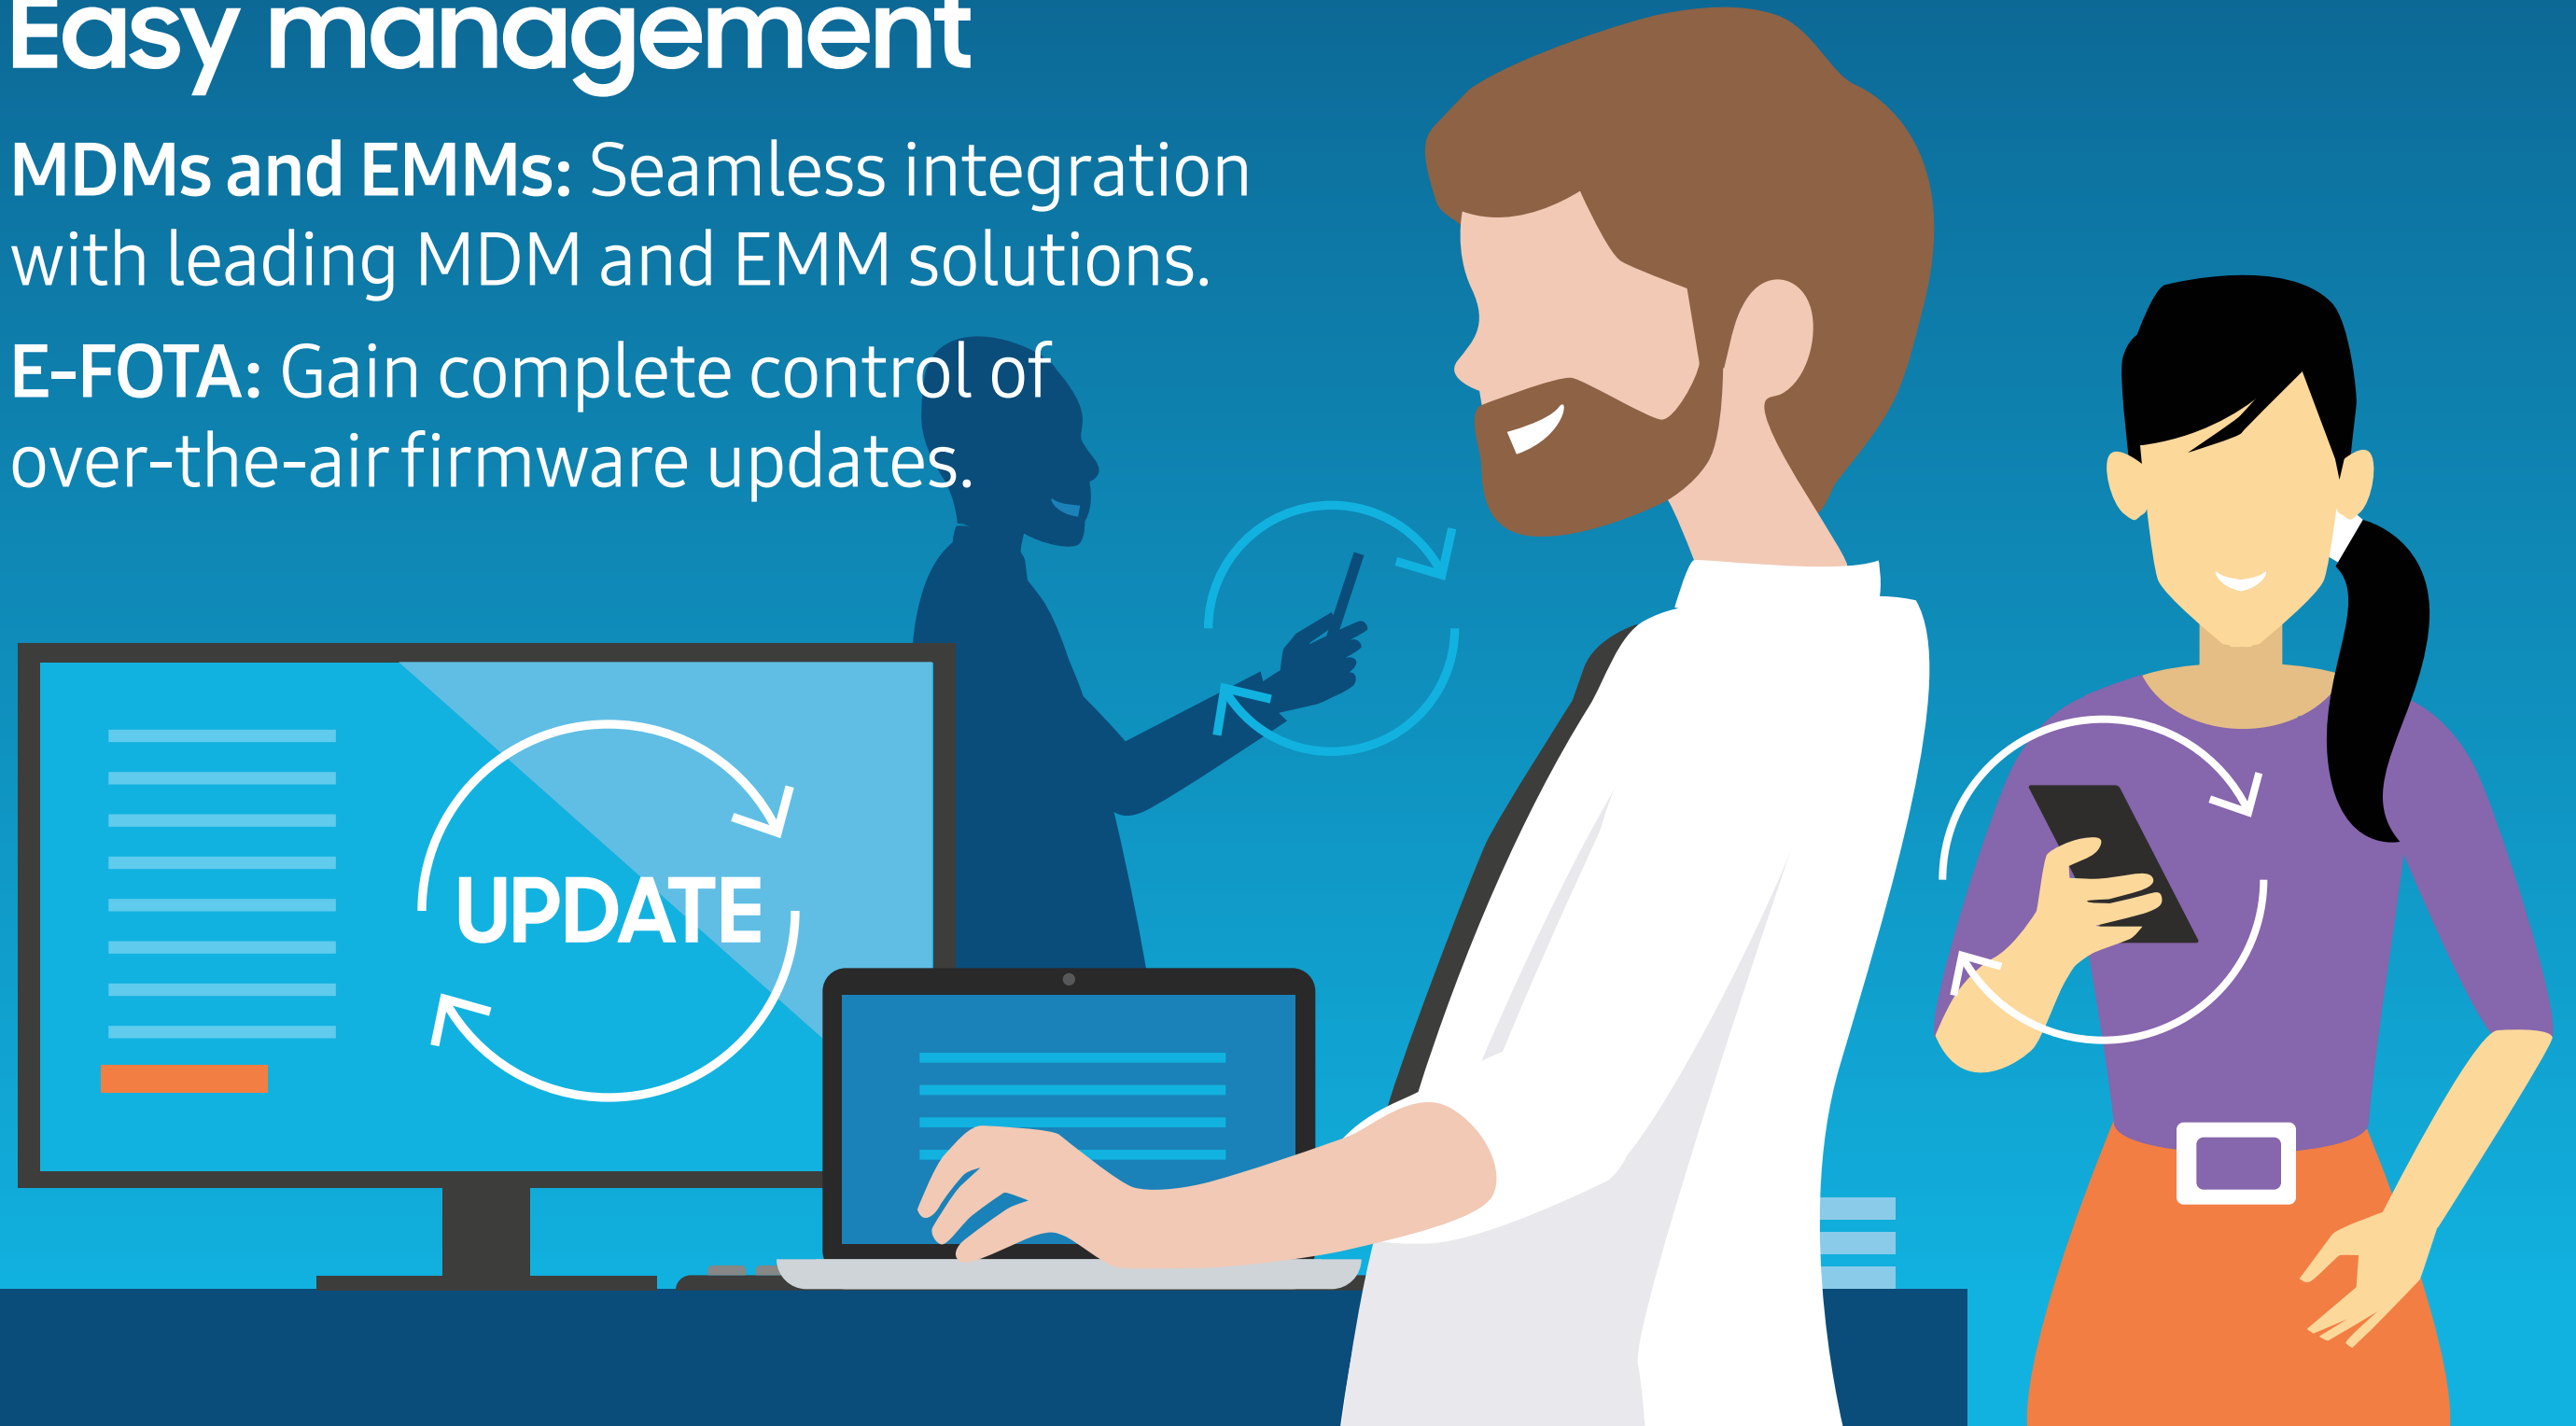

3

## Easy management

**MDMs and EMMs:** Seamless integration with leading MDM and EMM solutions.

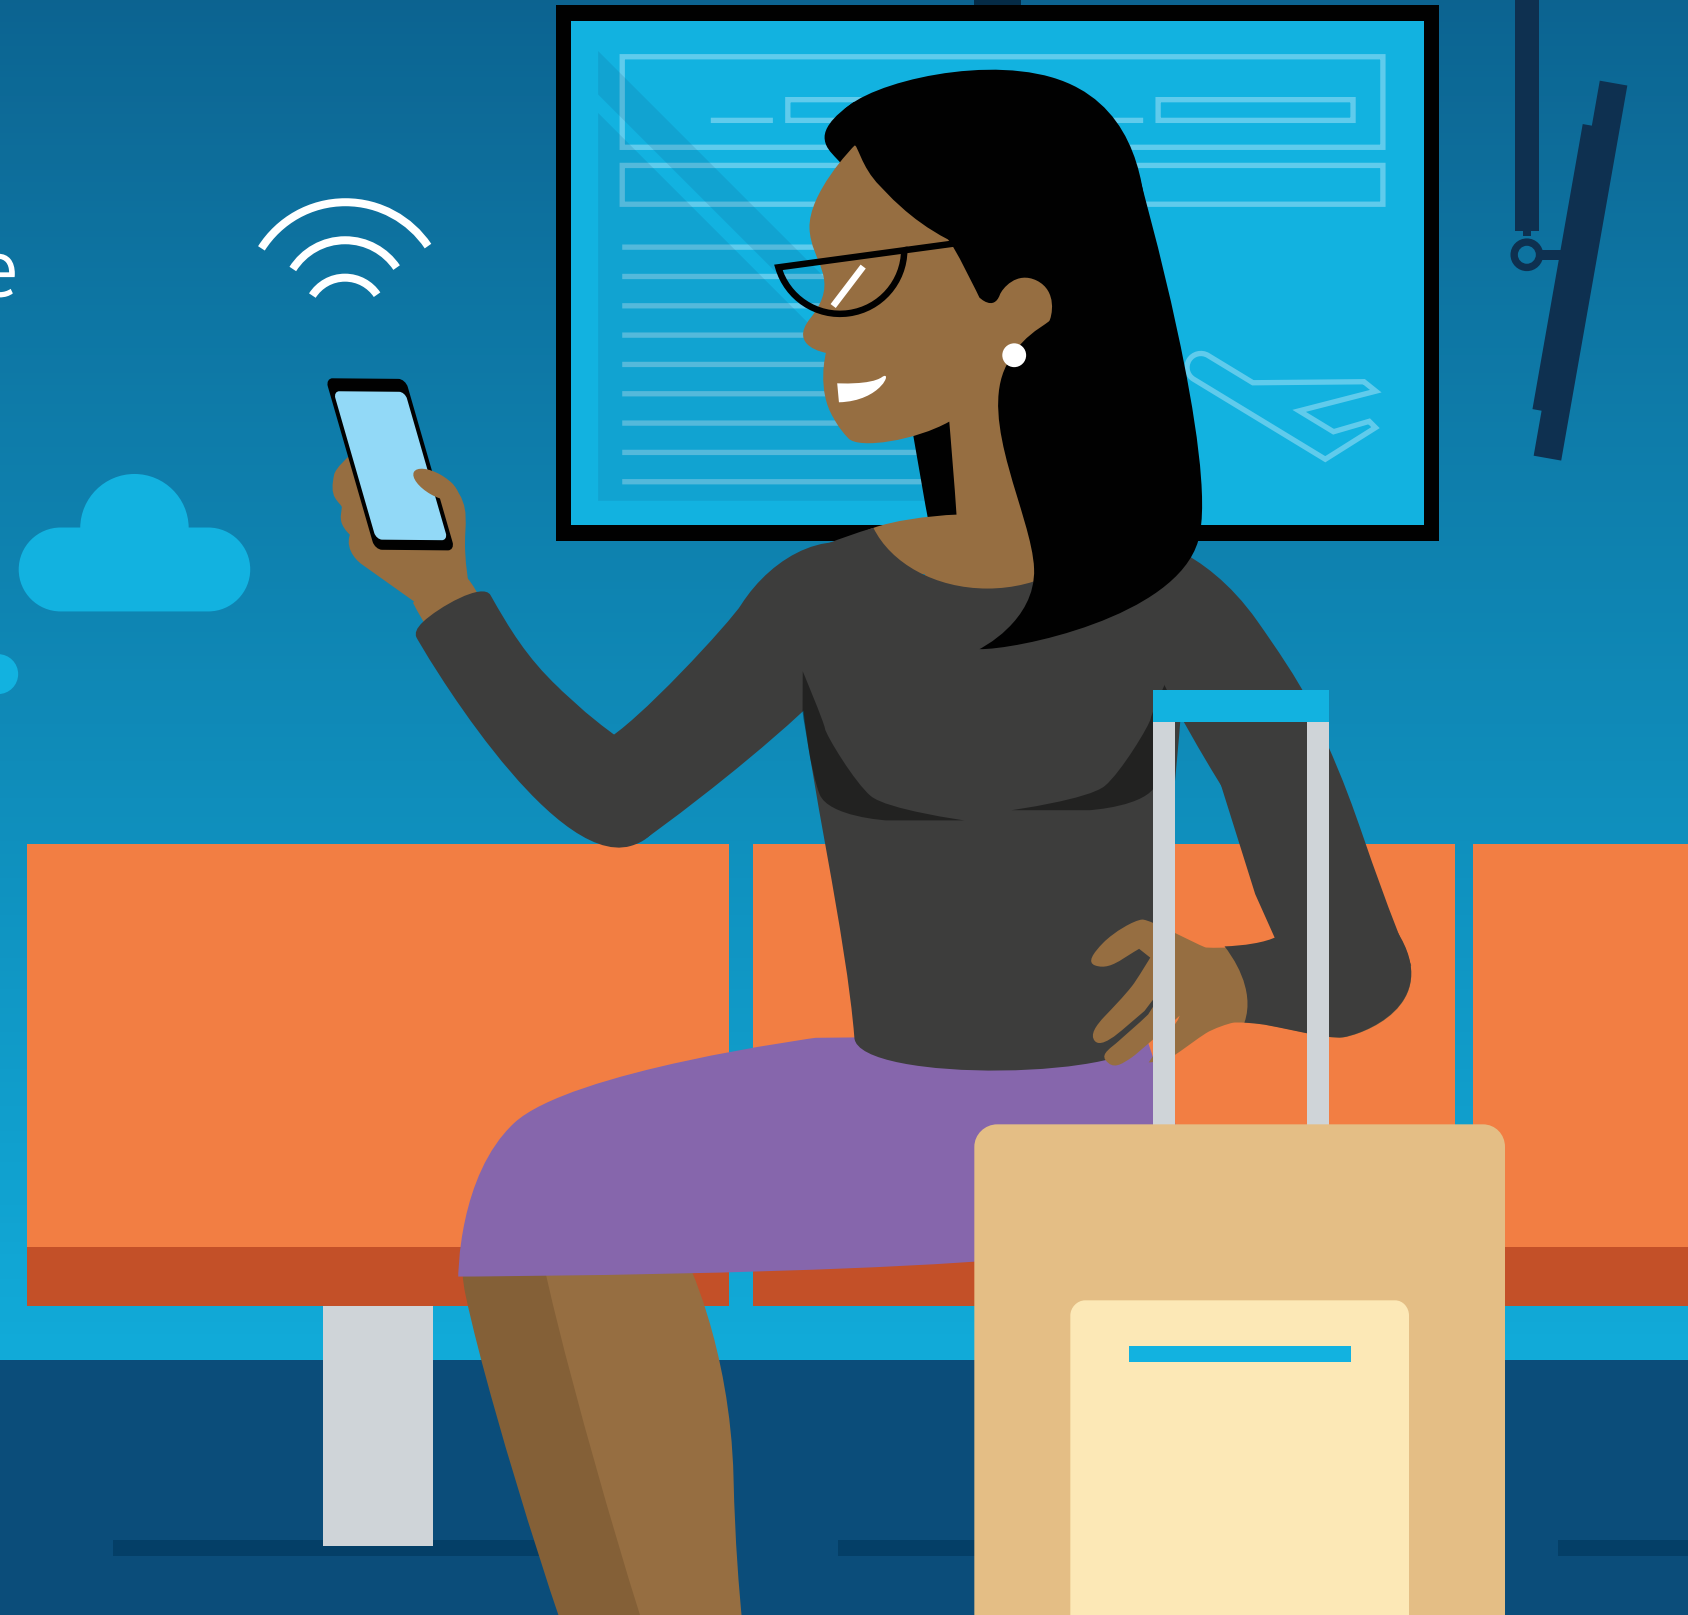

**E-FOTA:** Gain complete control of over-the-air firmware updates.

## 4 Freedom to choose

An unlocked device, the Enterprise Edition gives you the freedom to choose any carrier, and comes with no pre-loaded carrier apps.

5

## Beyond the phone

Extend mobile productivity to the desktop with the Samsung DeX station, or deliver training and more with a Gear VR headset.

\* The Samsung DeX station and Gear VR headset are optional accessories that are compatible with the Galaxy Note8 Enterprise Edition.
