

CDW MANAGED SERVICES and NONPROFIT

and NOW WITH SPECIAL SAVINGS CDW CAN HELP YOU CONCENTRATE ON YOUR MISSION.

Nonprofit organizations face an especially challenging situation: providing necessary services with limited budgets, small staffs and often no dedicated IT team. In the face of these obstacles, routine IT chores can become substantial burdens.

We get it, and we can help.

CDW offers flexible, high-quality managed services with standard discounts of up to 40% off. And because we understand the unique difficulties nonprofits face, nonprofit organizations are exclusively entitled to an **additional 5% discount**¹.

Industry-leading Expertise

Immediate access to hundreds of fully trained and certified engineers.

Reasonable, Predictable Monthly Cost

In addition to your extra savings from our nonprofit discounts, economies of scale enable CDW to offer these services more cost-effectively.

Nonstop Coverage

Round-the-clock coverage of IT environments.

Reliable, Compliant and Secure Service

CDW Managed Services comply with key operations and information security mandates.

Managed Services Include:

- Network management and patching
- Managed security services
- Managed wireless networks
- Private and public cloud management
- Hosted voice through CDW cloud collaboration

To learn more about the benefits of CDW Managed Services, read our white paper at CDW.com/managedservices or visit our **Managed Services** page.

Wherever you need help in your IT environment, CDW Nonprofit can be there. For more information about pricing and services, call your Nonprofit account manager at **888.294.4239** or visit cdw.com/nonprofit.

¹The 5% discount applies to network management and patching, managed wireless networks, CDW Hosted Private Cloud, CDW CCC and other select services. Some exclusions may apply. Call your CDW Nonprofit Account Manager for details.
