

# WE GET WORK FROM HOME.

Your business continuity solutions and services partner

CDW is helping organizations across various industries embrace business continuity and empower their workforces to be productive anywhere.

## WE GET

Connecting patients to communicate with family and friends during hospital stays

Orchestrating creative solutions, like outfitting school buses to deliver Wi-Fi to rural neighborhoods for remote learning access

Supporting pharmaceutical companies' IT infrastructures efforts to fight the global pandemic

Providing a secure and seamless streaming experience for NFL coaches and players during the 2020 Virtual NFL Draft

Enabling retailers to deliver on contactless curbside delivery

Augmented staff to offload growing contact center workload demands

Equipping health systems to both protect essential staff to serve patients and connect non-essential staff to WFH

Enabling rapid WFH solutions — often in days — for thousands of employees across all industries including large corporations, nonprofits, transportation, and small businesses

**Banking:** Provided augmented staff for a Northeast American bank in partnership with TEKsystems to offload the growing workload demands and future proof their WFH strategy.

**Not for Profit:** Provided 500 roadside assistance workers with Lenovo ThinkPads and accessories within a week's time to enable their sudden needs for a WFH strategy.

**Construction:** Supported a multinational construction company to immediately enable 3,000 coworkers to collaborate via Cisco Webex in five days.

**Retail:** A regional grocery store needed to support the need for curbside delivery contactless transactions, and with CDW's help supplied employees with mobile Apple devices to help fill rapid incoming orders, cut down shopper wait time, enable employee productivity.

**Manufacturing:** A bio-pharmaceutical company was working to find an antiviral therapeutic solution for the global pandemic and CDW was able to quickly provide over 100 Lenovo laptops and docking stations so that they could continue their efforts.

**Transportation:** Equipped a freight-shipping company with WFH devices for 700+ employees in just two days despite limited availability and inventory delays.

**Sports:** Connected the players, coaches and prospects for an American football organization to securely and seamlessly participate in the NFL 2020 Virtual Draft.

**Small Business:** A tech startup worked with CDW to supply their employees with 1,400 WFH setups within their deadline of one week, allowing the customer to deploy their entire call center workforce quickly.

**Healthcare:** Provided a California hospital with over 600 iPads for patients to communicate with family and friends as well as HP laptops allowing nonessential employees to WFH.

**Education:** Enabled a Southern board of education to connect their K-12 students for mandated distance learning by equipping 12 buses with Cradlepoint to pull in a carrier signal and broadcast out Wi-Fi locally.

## WORK FROM HOME SOLUTIONS
